

## **Aim and Scope of the journal**

*The JCHS is a peer reviewed journal, published bi-annually. It covers a wide interest in community and health science related topics. The features that make JCHS so unique are:*

- *It offers a platform for debate between various disciplines which is essential in helping us to understand and learn from each other.*
- *While primarily of interest to those working within health and related areas, it includes contemporary empirical and theoretical work from a wide range of disciplines, including anthropology, epidemiology, health promotion, medicine, public health, psychology, nursing and social work as well as basic and applied sciences that contribute to the promotion of health and prevention of disease.*
- *The editorial team encourages original research but support the publication of scholarly papers and scientific systematic reviews.*
